iFleet(Pty)ltd

Attention: A. Steyn

Re – Use of iFleet fuel catalyst

This letter serves to confirm that the iFleet fuel catalyst additive has been evaluated on our products. We would like to confirm that Komatsu has no objection to the use of this product and that the use of this product will not compromise the standard warranty of the engine.

A provision is made in that, should a failure occur to an engine, which can be attributed to the use of the iFleet fuel catalyst additive, Komatsu S.A and our agents will not accept liability for the costs incurred in the rectification of the failure.

We trust the above meets with your approval.

Kind regards

Louis Pieterse.
