**TO WHOM IT MAY CONCERN**

Dated: April 24, 2003

**PUBLIC ANNOUNCEMENT ON THE TESTING OF  
DIESEL FUEL**

"Following the recent announcement of the Transnet fuel contracts, HSA Management Systems, the managing agent of the Transnet petrol and diesel fuel bill - totaling R1,2 billion per annum, has expressed its concern regarding qualitative aspects of diesel in South Africa. For this purpose, HSA Management Systems will be performing extensive tests on diesel fuel at a credible facility, to evaluate the qualitative aspects of local diesel. These tests will include the effects of catalysts. For further enquiries contact Vicus Luyt at HSA Management Systems"

**Regards**

**Vicus**
